

JOIN

Free Essential Tremor Webinar
Tuesday, March 23, 2017

Join the IETF for a free educational webinar featuring a presentation by one of the top movement disorder specialist on the diagnostic process, treatment options, current research, assistive devices, coping tips and more.

TUESDAY, MARCH 21, 2017

4 PM PACIFIC • 5 PM MOUNTAIN • 6 PM CENTRAL • 7 PM EASTERN

TOPIC: DIAGNOSTIC PROCESS & TREATMENT OPTIONS

FEATURING:

DR. CHERIAN ABRAHAM KARUNAPUZHA

Neurologist/Movement Disorders Specialist, Assistant Professor,
Movement Disorders Division, Department of Neurology,
The University of Oklahoma Health Sciences Center

Participants must register and have a valid e-mail address, access to a computer and the internet. A log-in code will be given at the time of registration as well as a call-in phone number to use if no computer audio is available. Each webinar will be recorded and then placed on the IETF website shortly after the presentation day.
